

## USA PRICING AND LEGALITY

**EPA RULING:** Formic Acid (FA) is an unregulated natural substance.

FA for the treatment of mites is a publicly known. The use of FA by beekeepers on their own hives is legal. There are no laws on US books prohibiting its use. MITEGONE is dispenser and method not regulated by the EPA. MiteGone is legal to sell and use in the USA. Click on US flag on the web [www.mitegone.com](http://www.mitegone.com) for details

### **PRICES AND ORDERING:**

- PRICES ARE IN US DOLLARS (USD)
- BANK WIRE TRANSFERS, For orders over \$ 500 below VISA, and MC are ACCEPTED
- Purchases by VISA or MC are charged in equivalent Canadian currency; however, there may be a small difference between the US total payable and the charge on your credit card statement. We are unable to control US bank practices and charges. The customer must accept the difference of up to 1%. If you are overcharged, please contact us and we will happily refund the discrepancy.
- SHIPPING out of US warehouse Billed at cost.
- We apologize that the cost of handling, processing, and shipping outweighs the cost of the product on small orders. Please gather your friends or club members and order in BUNDLES.
